Pediciatric dental center set to open shortly in Nashville

By Terrica Hendrix News-Leader staff

A pediatric dental center will open next month in Nashville.

Dr. Mitchell Glass has been a pediatric dentist for ten years in the area opening a dental center here.

Nashville native Dr. Eddie Brown will be the dentist for the center. Dr. Glass said he saw a need for kids in this area.

Dr. Glass explained that he strives to "serve the community in a kid-friendly environment" and to provide kids-specific comprehensive dental care.

In addition to Dr. Brown, the employees at the Nashville location include the following:

Lauren Stephens Mason of Nashville, Arnette Brown of Nashville and Dayna Turner, also of Nashville.

"I think it’ll be wonderful," Glass said. "It’s just great to see more employment of the citizens of Nashville."

"All of the dentists in Nashville are wonderful," Glass said. "We just want to come alongside them and help serve the kids who may not have a dentist and help provide quality care to them."

"We’re real excited to be here and to serve the children who may not have a dentist or have insurance," Turner said.

"The center will be located next to Dollar Tree."

For more information or to schedule an appointment, call the center at 670-473-6100.

By John R. Schirmer News-Leader staff

HOPE - The Nashville Scrapers put up 61 points in the first half and cruised to a 61-14 mercy rule victory over the Hope Bobcats Friday night at Hammons Stadium in the season opener.

Hope tied the game at 7-7 midway through the first quarter but the out of the contest belonged to the Scrapers.

It was a good one. Overall, our guys had a good attitude. They were excited and ready to go," said Mike Volarvich said. "The players did what they were supposed to do. They were ready to go out and play and win."

The Scrapers "didn’t have a lot of self-inflicted mistakes as was a concern beforehand. I’m happy with that.

In Week 1, we talked about the team making 5 percent fewer mistakes, and we did that," Volarvich said.

The Scrapers were able to win in a couple of big plays at the skill positions. The start of the season.

**Collecting restitution from criminals is politically popular, hard to enforce**

Ouachita Baptist University’s athletic director, Casey Motl, said it best during a recent interview, “A big void in OBU radio booth this season.” During the opening football game of the 2008 season against Fort Lewis College, OBU radio booth was strained due to a known commodity in other states. Southwestern Radio Network (SWRN) paid first. “But scam artists like those who make use of the Do Not Call list don’t stop scams.”

**School names math coach**

The Nashville School Board voted Aug. 31 to hire Dr. Bernie Hellums of Nashville as the district’s math coach. She will work with math teachers in grades K-12 to improve student achievement.

Dr. Hellums will work on a one-quarter contract for the 2016-17 academic year, amounting to 45 days.

She holds a position with Henderson State University and will be “sharing time with HSU,” Superintendent Doug Graham said.

Dr. Hellums is a former Nashville math and AP Biology teacher. She has taught at HSU and Ouachita Baptist University.

**TRAVEL PILLOWS FOR SENIOR BANDMEN.** Senior members of the Scrapper band received their travel pillows from their families during Friday’s pep rally before the road game at Hope.

**TRAVEL PILLOWS FOR SENIOR CHEERLEADERS.** Senior cheerleaders received travel pillows Friday afternoon before their trip to Hope for the season opener. Football pillows, page 7A.
The Scrappers lost two fumbles, compared to two fumbles and two interceptions by Hope.

That being said, “We have a lot to clean up. Some people missed block- ing assignments. Some didn’t cover the right guys. We had the two fumbles. We had some sloppy stuff going wrong, but we still had occasional plays. We can fix what we did wrong,” according to Volarvich. “These are typical early mistakes that can clean up. Hope didn’t take advantage of some of our mistakes,” Volarvich said.

Hope quarterback Austin McDonald’s record for the season is winless. McDonald’s team had 634 yards total offense for the season when he went in from the one-yardline. Hopkins’ other score came on a 64-yard run. For the night, the Scrappers rolled up 388 yards rushing and 236 passing for 604 total yards against the Bobcats.

The PAT was no good, leaving Nashville on top 13-7.

Second quarter - Harris scored on an almost identical play as the first half. Harris scored on a 50-yard run from scrimmage and on a 5-yard run. Pettway scored on pass from Hanson. Harris scored on a 45-yard run. Pettway scored on a 64-yard run. TK Hopkins scored on a 5-yard run.

The Leopards are led at quarterback by Drew York. “He’s a good leader. He’s really good,” Volarvich said. “He’s a big leader for us.”

The Leopards have lost their last two games in 2015 and picked up a victory over Mena last Friday night to open the season.

The Scrappers and Leopards have a big rivalry with the Saline River Walking Stick on the line.

As the Scrappers prepare for Friday night’s game against De Queen, they will be recognized being presented with the poster Friday at the pep rally. Students include Kendall Kirchhoff, Bailey Dougan, Kacey Hinds, Alyssa Harrison, Madi Miller, Kaylea Carver, Anna Kesterson,Erica Linville and Audrey Hughes.

The Stick was introduced by the O-line.

At stake for the two teams is another year of bragging rights for another year and the Saline River Walking Stick.

The Bobcats won state championship last year in 5A, but the Scrappers reclaimed the trophy last year in 6A, defeating De Queen in the playoffs.

De Queen has gotten better each year under Coach Justin Kramer, according to Scrappers Coach Mike Volarvich. The Leopards were winless in 2015 and 2014 and picked up victories in 2015 and 2014 and 2015.

“De Queen has been physical and big on the offensive and defensive lines. They play physical football,” according to Volarvich.

The Leopards have changed defensively from 3 down front inside of four, but they switch back and forth from 3-4 defense. “They have a little, half. “They have a little, half.”

De Queen is “physical and big on the offensive and defensive lines. They play physical football,” according to Volarvich. Blacksburg and New press, Garrett Gordon and Dominick Kight had three tackles each. Volarvich said.

Volarvich admitted the offensive line was much better with the team’s success coming in the ball and scoring. “We had 634 total yards on 50 plays. That’s 12.7 yards per play. It’s hard to do that without a good job by the O-line.”

The scoring summary includes the following:

First quarter - Dominick Kight scored on 59-yard run off left guard. The PAT was no good, leaving Nashville on top 7-0.

Outlaws open with win over former coach

New Outlaw Head Coach Vince Perrin cleared his first hurdle of the season Friday night with a 27-20 over the Horatio Lions, who are now coached by former Outlaw coach David Bennett.

The Outlaws will host the Gurdon Go-Devils Friday night. Kick-off is at 7:30.

The game was deadlocked at 0-0 after the first quarter of play and locked up again, 14-14, at the half. It was the Outlaws’ 13 points in the third quarter which pushed Perrin and his team over the Lions.

Local powerlifter to compete for world title this October

A Nashville weight-lifter is quickly rising among the state and national ranks and is now preparing to compete for a world title.

Chad Tucker, 20, has only been competing since March and has already broken the national record in the “power sports” division, which includes curl, bench press and deadlift, and also broke the Arkansas record in powerlifting in the squat and deadlift categories.

Tucker recently competed in the National Athletic Strength Association’s East Texas Regional meet and placed first at both in powerlifting and power sports categories. Tucker, weighing in at 133.6 pounds competes in the 165-pound weight class.

Tucker currently curls 92.1 pounds, bench presses 234.6 pounds, squats 402.3 pounds and deadlifts 462.9 pounds - totals that contributed to the national and state records.

Tucker competes in the 165-pound weight class. Tucker currently curls 99.21 pounds, bench presses 231.48 pounds, squats 402.34 pounds and deadlifts 462.97 pounds - totals that contributed to the national and state records.

The 2014 Nashville High School graduate is now preparing to compete in the American Powerlifting Association-World Powerlifting Association Championship Oct. 6-9 in Portland, Ore. Lifters from all over the world are scheduled to compete at the event.

Tucker said he was encouraged to start lifting competitively by longtime local lifter, Bill “Grizz” Taylor. In addition to training daily at Flex Gym in Nashville, Tucker also trains at the Power Shack, a personal facility headed up by another noted longtime local lifter, Mike Erby.

“They’re legends to me,” Tucker said of Taylor and Erby.

Tucker gets in his training in between 10-hour shifts at Husqvarna where he works as a motor tester. He is the son of Pamela Dillehay of Nashville.
You can make healthy choices for lunch

School is in full swing. You are sitting in class and your stomach is starting to rumble. Finally, the bell rings and it’s time for lunch! But wait a minute – what exactly are you eating? Whether you are a nervous seventh-grader or an experienced senior, it is a well-fed mind and body that is going to be at its best. All kids need healthy foods to fuel their bodies and keep them focused during the day. Foods that pack a punch include fruits and vegetables. They make your plate look like hitting the jackpot. And all that healthy food your plate could pack with vitamins and minerals is going to keep you focused and active throughout your school day.

Get a copy of the menu. Knowing what’s coming is crucial. You can pick and choose wisely at lunch, instead of buying a school lunch and when you want to bring your own lunches, you need to pack and study for a test, let’s talk about how to choose healthier foods. In order to keep you focused and active, let’s plan ahead.

A head start for breakfast: For breakfast, pack a bowl of oatmeal or fruit salad on the bus to school. It can help you get the day started. It’s packed with vitamins and minerals that will keep you going until lunch. You can eat at least five servings of fruits and vegetables per week at breakfast; try to do it in one sitting. A serving isn’t a lot. A serving of carrots is ½ cup or about 6 baby carrots. A serving fruit could be one medium orange.

- Drinks count too. Milk, which has been a favorite school lunchroom drink, is always a great choice because of the calcium it has for building strong bones and teeth. On the other hand, if you don’t like milk, choose a juice and limit the sodas. Soda is full of empty calories. Some foods are better choices than others. Fruits and veggies are better choices than fried foods. Try carrot sticks or trail mix, instead of fries.

They’ll provide the vitamins and minerals you need and the energy to get through the day. Foods that have a lot of simple carbohydrates, like candy bars, donuts, and French fries may give you a quick energy boost, but it will fade fast – which means that halfway through your next class period you’ll be hungry again.

The same is true of drinks filled with caffeine or sugar. You don’t have to cut out these foods entirely – just enjoy them in the right portions. Also, don’t snack on these types of foods when you are hungry from not eating any breakfast.

- Snacks are good. To keep hunger at bay, take along a healthy snack, like a hard-boiled egg or a handful of nuts to munch between classes. Not only will this help you avoid overeating when it finally mealtime. Follow these notes and you will have the lunchroom knowledge that will allow you to make informed decisions on healthy food options, contacted the Howard County Cooperative Extension Service at 800-487-7176 or visit our office located on the second floor of the courthouse.

Murfreesboro man charged with theft of firearm from cabin

A Murfreesboro man has been charged with allegedly stealing a firearm from a cabin he was working on.

Matthew Lansdell, 28, of Murfreesboro was arrested Aug. 31 with a fugitive warrant of arrest from the Pike County Circuit Court and the Arkansas State Police.

Lansdell is accused of stealing a 9mm handgun from a cabin belonging to Deborah and Ron Holley. Lansdell had worked with the contractors who built the Holley’s cabin on the Old Factory Site Road and had entered the home while working on it. He had reportedly continued to the crime scene during an interview.

Lansdell also admitted to stealing some prescription pills from the home. A search of Lansdell’s home failed to turn up the gun.

Fort Smith man arrested

A 36-year-old Fort Smith man has been arrested and charged with felony possession of methamphetamine and drug paraphernalia as well as a misdemeanor paraphernalia violation.

Masson P. Hobbs was charged Aug. 31 in Pike County Circuit Court.

His bond has been set at $25,000 and he is expected to make an appearance in the Pike County Circuit Court on Sept. 15.

The Pike County Sheriff’s Department is currently investigating a shooting that happened early Sunday morning in Delight, according to Detective Glen Hankins.

The shooting happened at a home on 215-A Antioch and a 911 call was received by the sheriff’s department around 4 a.m.

A preliminary investigation determined Frank Perez Olveda, 41, of Austin had drinking alcohol at the home of 3-year-old James Elton Copeland when the visitor allegedly became interested and proceeded to argue with Olveda. Olveda then drew a firearm and threatened the visitor, allegedly became interested and proceeded to argue with Olveda. The argument turned into a physical altercation between the two men, said Hankins.

Hankins said Copeland had fenced to himself and attempted several times to physically-subdue Olveda, who reportedly complained that Copeland had been calling 911 by destroying his phone. Copeland eventually ended up with a 12-gauge shotgun and proceeded to fashion it into a 9mm pistol.

Hankins said that during morning he has not interview Olveda. "We have no charges filed in the case. The incident is under investigation," said Hankins.

A Murfreesboro man has been charged with allegedly stealing a firearm from a cabin he was working on.

Matthew Lansdell, 28, of Murfreesboro was arrested Aug. 31 with a fugitive warrant of arrest from the Pike County Circuit Court and the Arkansas State Police.

Lansdell is accused of stealing a 9mm handgun from a cabin belonging to Deborah and Ron Holley. Lansdell had worked with the contractors who built the Holley’s cabin on the Old Factory Site Road and had entered the home while working on it. He had reportedly continued to the crime scene during an interview.

Lansdell also admitted to stealing some prescription pills from the home. A search of Lansdell’s home failed to turn up the gun.

Fort Smith man arrested

A 36-year-old Fort Smith man has been arrested and charged with felony possession of methamphetamine and drug paraphernalia as well as a misdemeanor paraphernalia violation.

Masson P. Hobbs was charged Aug. 31 in Pike County Circuit Court.

His bond has been set at $25,000 and he is expected to make an appearance in the Pike County Circuit Court on Sept. 15.

The Pike County Sheriff’s Department is currently investigating a shooting that happened early Sunday morning in Delight, according to Detective Glen Hankins.

The shooting happened at a home on 215-A Antioch and a 911 call was received by the sheriff’s department around 4 a.m.

A preliminary investigation determined Frank Perez Olveda, 41, of Austin had drinking alcohol at the home of 3-year-old James Elton Copeland when the visitor allegedly became interested and proceeded to argue with Olveda. Olveda then drew a firearm and threatened the visitor, allegedly became interested and proceeded to argue with Olveda. The argument turned into a physical altercation between the two men, said Hankins.

Hankins said Copeland had fenced to himself and attempted several times to physically-subdue Olveda, who reportedly complained that Copeland had been calling 911 by destroying his phone. Copeland eventually ended up with a 12-gauge shotgun and proceeded to fashion it into a 9mm pistol.

Hankins said that during morning he has not interview Olveda. "We have no charges filed in the case. The incident is under investigation," said Hankins.

TENNESSEE VISITOR FINDS 1.05-CARAT DIAMOND ON LABOR DAY 

Diamond will replace special necklace lost in building collapse

By Betty Coursa

A 12-year-old Tennessee visitor found a 1.05-carat diamond on Labor Day at Crater of Diamonds State Park during the couple's annual vacation.

The find is the largest yet discovered at the park, according to Diamond searchers in the area.

Tennessee resident Deborah Miller was on a special mission when she traveled to the Crater of Diamonds State Park to fulfill Tim's wish.

According to Debra, Tim's wish was to find a diamond, and particularly the liver and heart.

The diamond was found by accident, and the couple beneath a ceiling to collapse, burying Mrs. Miller.

Not only can Deborah express the amazing work, but she also said, "It took Make-A-Wish to have the diamond found and to return to Murfreesboro by the Denver flight."
There were no emergencies in the Cliffs this week, for which we are grateful. There is so much going on, but we managed to skip it all.

The Labor Day weekend was quiet, except for a few young men taking advantage of the weather and riding their four-wheelers. The noise did penetrate the quiet a bit. It became too much for Mr. and Mrs. Table, and they sent a note to their friends and family. The noise was too much for their nerves, so they called the Sheriff's Office to deal with the issue.

Prayers are requested for the sick and shut-ins. Leodis Hopkins at the nursing facility in Nashville, Ernest Greenlee at home and Lela James at the nursing facility. I am at home with arthritis in my hip. Prayers are requested for the people recovering from the flood and for our Country's Politics. Don't forget to make plans to vote.

God is still good. I had two new projects that I was working on this week, and did not know how I would get them done, but the Lord sent my neighbors Mr. and Mrs. Table to take care of one and my nephew and his friends teamed up to get the other done. Working together makes a big job easy. My church also had a need and my good friend Ms. Scott took care of it. The scripture says, "All things work together for good to them that love God, to them who are the called according to His purpose." Romans 8:28. The projects must have been in His will.

There are still some life left in the Community. We enjoy our TV movies, and hope to enjoy many more. The Lord has been good to us, and we are thankful for every day. We are thankful for the health of our friends and family, and for the health of our community. God we shall do valiantly; for he is that shall tread down our enemies.
